CHERRY HILL NURSERIES

T. C. THURLOW'S SONS, Inc.

Established 1832

West Newbury, Massachusetts

OUR NURSERIES are located in the historic old town of West Newbury, settled in 1642, and known to all lovers of our early history as the dwelling place of Hannah Dustin. ¶ We are mid-way between Haverhill and Newburyport and one and one-half miles south of the electric car line that operates between these two cities. ¶ Those motoring from Boston and the North Shore may reach us by leaving the Newburyport Turnpike at Glen Mills, Rowley, and driving across country through Byfield, which is two and one-half miles south of our nurseries.

VISITORS ARE GLADLY WELCOMED
ANY DAY EXCEPT SUNDAY

Telephone 682-W Newburyport

W. H. THURLOW, Treasurer

CHERRY HILL NURSERIES

The Spring planting season is almost on us, and, despite the fact that our country is engaged in the most stupendous war of all time, we must all join in making America still more beautiful and attractive.

We have tried faithfully to co-operate in this campaign of "A More Beautiful America" by furnishing only such nursery stock as has intrinsic value and which is well adapted to our rugged New England climate.

OUR PRICES we have tried to keep as low as consistent with good quality, size, and care in digging, packing and shipping.

ALL STOCK is priced at the Nursery, and all BALING or BOXING will be charged EXTRA at ACTUAL COST. Delivery to express office or railroad, however, is free.

MOTOR TRUCK DELIVERY in many cases is the best way of handling nursery stock, and especially large trees and shrubs, as most orders can be dug and delivered at destination on same day, and the charges are rarely more than of combined packing and freight. THIS INSURES GREATER SATISFACTION both on your part and ours, as one can readily understand that the shorter time trees are out of the ground the better and quicker they will take hold and grow in their new location.

Our fleet of motor trucks are at your service and the charges are moderate.

We aim to furnish only first-class stock (such as would easily live if transplanted in our nurseries) and to use the best of care in digging and delivering same to our customers, but as we cannot control planting, after care, weather conditions, etc., we cannot warrant stock to live.

The prices in this catalog cover the average run of stock in the nursery row, but trees and shrubs specially selected will be charged at special prices.

"The botanical names of Trees, Shrubs, etc., in this catalog conform to the 1917 Official Code of Standardized Plant Names, adopted and published by the American Joint Committee on Horticultural Nomenclature and as first published in Volume VI of Bailey's Standard Cyclopedia of Horticulture."

THIS LIST SUPERSEDES ALL PREVIOUS LISTS

EVERGREEN TREES

Our evergreens are transplanted every two or three years, which enables us to lift them with a fine, fibrous root-system which readily holds a suitable ball of earth. We carefully bur-lap the roots with the earth adhering, as we believe this the most satisfactory way to pack and ship evergreens. It is the custom of many to make a charge for this burlaping, but we feel that the trees are not complete without it and, therefore, include this service in the price of the tree.

ABIES balsamea (Balsam Fir).	Each	10	100
3 to 4 ft.	\$.85	\$7.50	
4 to 5 ft.	1.25	10.00	
5 to 6	1.60	14.00	
A. concolor (Rocky Mountain Fir).			
3 to 4 ft.	4.50	40.00	\$300.00
4 to 5 ft.	5.50	50.00	425.00
5 to 6 ft.	7.00	65.00	600.00
6 to 7 ft.	8.50	75.00	700.00
7 to 8 ft.	10.00	90.00	800.00
Large specimens, 8 to 14 ft.,	\$12.00 to 40.00		

An exceptionally fine tree for individual or group planting, as its soft foliage gives a very pleasing effect. It is hardy and will stand severe exposure.

A. fraseri (Fraser's Fir).			
2 to 3 ft.75	6.00	45.00
3 to 4 ft.	1.25	11.00	90.00
4 to 5 ft.	1.75	15.00	125.00
5 to 6 ft.	2.50	22.50	180.00
6 to 7 ft.	4.25	40.00	300.00
7 to 8 ft.	5.50	50.00	400.00
8 to 10 ft.	7.00	60.00	
10 to 14 ft.	\$9.00 to \$14.00		

The dark green foliage holds its color throughout the winter, and has proved very satisfactory. Our large specimens give immediate effects.

A. homolepis (brachyphilla).	
5 to 6 ft.	4.00
6 to 7 ft.	5.00

A very hardy Fir from Japan. Foliage light green with a silvery under foliage.

4 CHERRY HILL NURSERIES, WEST NEWBURY, MASS.

A. veitchi (Veitch's Japanese Fir).	Each	10	100
3 to 4 ft.	2.50	20.00	
4 to 5 ft.	3.00		
5 to 6 ft.	4.00		

Very fast growing Fir, foliage glossy green, silvery on the under side.

BIOTA. See *Thuya orientalis*.

CRYPTOMERIA japonica.

4 to 5 ft.	3.00	25.00
5 to 6 ft.	4.00	35.00

An evergreen of unique growth and foliage—dark green in the summer and soft red in winter. It has proved perfectly hardy in somewhat sheltered locations.

HEMLOCK. See *Tsuga*.

JUNIPERUS chinensis densa glauca (Chinese Juniper).

2 to 2½ ft.	2.00	17.50
2½ to 3 ft.	2.50	22.50

A compact form of *J. chinensis*, which retains its color through the winter better than the type.

J. chinensis pfitzeriana.

3 to 4 ft. spread	5.00	40.00
4 to 5 ft. spread	6.00	55.00

To be fully appreciated this beautiful dwarf evergreen should be planted in groups. Grows to a height of three to four feet.

J. communis prostrata (Trailing Juniper).

1 to 1½ ft.75	6.00	40.00
1½ to 2 ft.	1.00	8.50	60.00
2 to 2½ ft.	1.50	12.50	90.00
2½ to 3 ft.	2.50	20.00	175.00
3 to 4 ft.	3.50	30.00	280.00

These are well grown and well rooted. The type is the close, dwarf plant and is excellent for a "carpet" evergreen.

J. communis cracovica (Polish Juniper).

3 to 4 ft.	4.00
4 to 5 ft.	5.00
5 to 6 ft.	7.00

Of upright growth, it is very graceful if left un-sheared.

J. communis hibernica (Irish Juniper).

2 to 2½ ft.75	6.50	60.00
2½ to 3 ft.90	8.00	
3 to 4 ft.	1.25	10.00	

This and the following variety have a close compact habit of growth and will maintain their columnar, upright form with very little care.

J. communis suecica (Swedish Juniper).

2 to 2½ ft.90	8.00
2½ to 3 ft.	1.25	10.00
3 to 4 ft.	1.75	15.00

J. japonica aurea (Golden Japanese Juniper).

2 to 2½ ft. broad	2.50	22.50
2½ to 3 ft.	3.00	27.50

J. sabina tamariscifolia (Tamarisk-leaved Juniper).

15 to 18 in. spread	2.00	18.00
18 to 24 in. spread	2.50	22.50

Excellent for rock-work or wherever a dwarf, prostrate evergreen is desired. Its finely divided foliage is very ornamental.

<i>J. virginiana</i> (Red Cedar).	Each	10	100
1½ to 2 ft.90	8.00	65.00
2 to 3 ft.	1.25	10.00	90.00
3 to 4 ft.	1.75	15.00	125.00
4 to 5 ft.	2.50	22.50	200.00
5 to 6 ft.	4.50	40.00	325.00
6 to 7 ft.	7.00	60.00	450.00
7 to 8 ft.	9.00	85.00	650.00
Specimens 8 to 14 ft.	\$12.00 to 25.00		

Our Red Cedars are well shaped and compact.
Different types may be selected from the bushy to the tall pyramidal forms.

<i>J. virginiana cannarti</i> (Green Cedar).			
3 to 4 ft.	3.00	27.50	225.00
4 to 5 ft.	4.00	35.00	300.00

The green type of the Red Cedar.

<i>J. virginiana elegantissima lee</i> (Lee's Juniper).		
3 to 4 ft.	3.00	27.50
Foliage beautifully variegated.		

<i>J. virginiana glauca</i> (Blue Cedar).			
2½ to 3 ft.	2.50	22.50	
3 to 4 ft.	3.00	27.50	225.00
4 to 5 ft.	4.50	40.00	350.00
Specimens 6 to 10 ft.	\$8.00 to 14.00		

None of the Cedars have a more pleasing appearance than the soft steel blue of the *Juniperus virginiana glauca*.

<i>J. virginiana keteleeri</i> .		
4 to 5 ft.	4.00	35.00

<i>J. virginiana schottii</i> (Schott's Cedar).		
3 to 4 ft.	3.50	32.50
4 to 5 ft.	5.00	45.00
Specimens 6 to 9 ft.	\$6.00 to 12.00.	

An upright Cedar which retains its velvety green color throughout the year.

<i>PICEA canadensis</i> (alba) (American White Spruce).			
2 to 3 ft.85	8.00	70.00
3 to 4 ft.	1.50	12.50	90.00
4 to 5 ft.	2.00	17.50	140.00
5 to 6 ft.	2.50	22.50	
6 to 7 ft.	3.50	32.50	
7 to 8 ft.	5.00	45.00	

Our stock comprises bushy, well shaped specimens which are excellent for group or hedge planting.

<i>P. engelmanni</i> (Engelmann's Spruce).		
3 to 4 ft.	3.50	30.00
4 to 5 ft.	4.50	40.00
Specimens 8 to 10 ft.	\$12.00 to 18.00	

An interesting tree from the Rocky Mountains of a silvery blue shade. Perfectly hardy.

<i>P. excelsa</i> (Norway Spruce).			
2 to 3 ft.60	5.50	45.00
3 to 4 ft.85	8.00	70.00
4 to 5 ft.	1.25	10.50	85.00
5 to 6 ft.	1.75	15.00	125.00
6 to 7 ft.	2.75	25.00	200.00
7 to 8 ft.	3.50	30.00	250.00
8 to 10 ft.	4.50	40.00	
10 to 12 ft.	6.00	55.00	

These Spruce are of fast growing habit and used extensively for hedges, as good sized trees may be obtained at small cost.

P. excelsa maxwelli (Maxwell's Dwarf Spruce).

	Each	10	100
1 to 1½ ft. diam.	3.00	27.50	
1½ to 2 ft. diam.	4.00	35.00	

Very slow growing and especially valuable on this account, as it may be planted in a confined space.

P. orientalis (Oriental Spruce).

3 to 4 ft.	3.50	30.00	
4 to 5 ft.	4.50	40.00	

Of slow growth, these form semi-dwarf compact trees of dark green.

P. pungens glauca (Colorado Blue Spruce).

3 to 4 ft.	4.50	40.00	
4 to 5 ft.	6.00	50.00	
Specimens 6 to 10 ft.	\$10.00 to 25.00		

Too well known to need description. Our large specimens will lift with excellent balls of earth and are quite sure to live.

P. pungens kosteri (Koster's Grafted Blue Spruce).

2 to 2½ ft.	2.75	25.00	200.00
2½ to 3 ft.	3.50	30.00	250.00
3 to 4 ft.	4.50	40.00	350.00
4 to 5 ft.	6.00	50.00	450.00
Specimens 8 to 10 ft.	\$10.00 to 25.00		

These are propagated from a very "blue" type and are uniform in color.

PINUS nigra austriaca (Austrian Pine).

18 to 24 in.75	6.50	50.00
2 to 2½ ft.	1.00	9.00	85.00
2½ to 3 ft.	1.35	12.00	100.00
3 to 4 ft.	2.25	20.00	175.00

Very good for seaside planting, as it stands exposure well. Its long leaves and prominent white buds make it distinct in appearance.

P. cembra (Swiss Stone Pine).

2 to 3 ft.	2.25	20.00	175.00
3 to 4 ft.	3.00	27.50	
4 to 5 ft.	3.50		

P. montana (Mountain Pine).

1½ to 2 ft.	2.00	17.50	
2 to 3 ft.	2.50	22.50	

Semi-dwarf, attaining a height of about ten to twelve feet.

P. montana mughus (Dwarf Mountain Pine).

12 to 15 in.	1.00	8.50	75.00
15 to 18 in.	1.50	12.50	100.00
18 to 24 in.	1.75	16.00	140.00
2 to 3 ft.	3.50	32.00	

A dwarf form of montana, useful for rock-work or wherever dwarf evergreens are needed.

P. resinosa (Red Pine).

1½ to 2 ft.60	5.00	35.00
2 to 3 ft.	1.00	9.00	80.00
3 to 4 ft.	1.75	16.00	

A handsome, long-leaved Pine which we can thoroughly recommend. This species has been scarce in the past few years.

PSEUDOTSUGA douglasii (Douglas Spruce).

2 to 3 ft.	1.00	9.00	80.00
3 to 4 ft.	2.25	20.00	160.00
4 to 5 ft.	3.50	30.00	250.00

Pseudotsuga douglasii (Douglas Spruce). Each	10	100
5 to 6 ft.	4.50	40.00 350.00
6 to 7 ft.	7.00	60.00
7 to 8 ft.	8.00	70.00
8 to 10 ft.	10.00	90.00
10 to 12 ft.	14.00	120.00

Perfectly hardy and one of the most desirable of evergreens. It makes a rapid, yet bushy growth.

RETINISPIORA filifera (Thread-branched Japanese Cypress).

1 to 2 ft.	1.50	12.50 100.00
2 to 2½ ft.	2.50	22.50
2½ to 3 ft.	3.50	30.00
3 to 4 ft.	5.00	45.00

Slender, drooping branches make this dwarf tree a fountain of green.

R. filifera aurea.

1½ to 2 ft.	3.50	32.50
2 to 3 ft.	6.00	55.00

A very dwarf golden form of the above.

R. obtusa compacta (Compact Cypress).

1 to 1½ ft.	1.25	10.00
1½ to 2 ft.	1.50	13.50 125.00
2 to 2½ ft.	2.50	22.50

A useful dwarf evergreen, as it will grow to a round ball three or four feet high.

R. obtusa nana (Dwarf Cypress).

12 to 15 in. spread	2.25	20.00
15 to 18 in. spread	3.00	27.50

Dwarf plant attaining a height of about two feet.

One of the varieties grown by the Japanese in pots.

R. plumosa aurea (Golden Plume-leaved Cypress).

1½ to 2 ft.85	7.50 60.00
2 to 2½ ft.	1.50	12.50 100.00
3 to 4 ft.	3.00	27.50
4 to 5 ft.	4.50	40.00
5 to 6 ft.	6.00	
7 to 8 ft.	8.00	
8 to 10 ft.	12.00	

Of light green feathery foliage, tipped golden.

SPRUCE. See **Picea**.

SCIADOPITYS verticillata (Umbrella Pine).

2½ to 3 ft.	5.00
3 to 4 ft.	7.00

An interesting Japanese type of unique foliage.

TAXUS baccata repandens (Spreading Yew).

1 to 1½ ft.	2.00	17.50
1½ to 2 ft.	2.50	22.50

Dark green foliage and of more rapid growth than the *T. brevifolia*. Prostrate habit.

T. canadensis (American Yew).

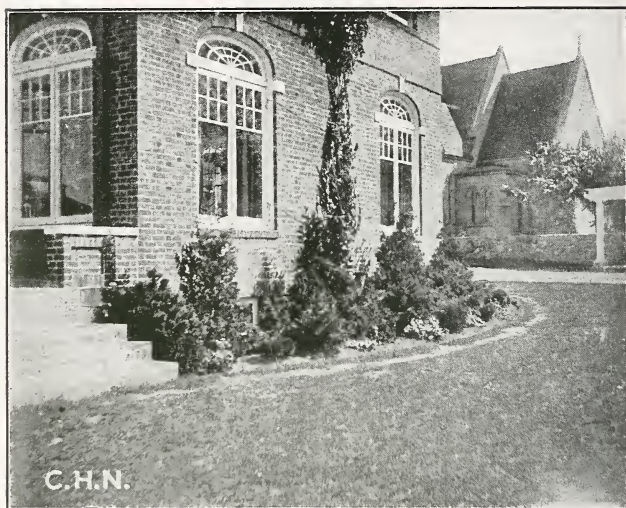

1 to 1½ ft.	1.00	9.00 80.00
1½ to 2 ft.	1.50	13.50
2 to 2½ ft.	2.00	17.50 160.00

A beautiful prostrate evergreen of dark green foliage bearing red berries during the latter part of the summer.

T. cuspidata (Japanese Yew). Upright form.

2 to 2½ ft.	2.50	22.50
2½ to 3 ft.	3.50	32.50
3 to 3½ ft.	4.50	40.00
3½ to 4 ft.	6.00	55.00
4 to 5 ft.	8.00	70.00

Unlike the other Japanese Yews this has an upright habit. When covered with red berries it is a most attractive plant.

Dwarf Evergreens add very much to the attractiveness of any building

T. cuspidata brevifolia (Dwarf Japanese Yew).

	Each	10	100
1 to 1½ ft., bushy specimens	1.75	16.50	150.00
1½ to 2 ft., bushy specimens	3.00	22.50	250.00
2 to 2½ ft.	4.00		

A spreading form of Yew which is very hardy. Grows well in half shade near Rhododendrons, etc.

THUYA occidentalis (American Arborvitae).

2 to 3 ft.60	5.00	40.00
3 to 4 ft.85	7.50	70.00
4 to 5 ft.	1.50	12.50	100.00
5 to 6 ft.	2.25	20.00	175.00
6 to 7 ft.	3.00	27.50	250.00
7 to 8 ft.	3.50	32.50	300.00
8 to 10 ft. specimens	6.00	50.00	

Pyramidal habit and of fairly rapid growth. The larger sizes will furnish a screen or hedge at once.

T. occidentalis aurea (Geo. Peabody).

2 to 3 ft.	1.25		
3 to 4 ft.	1.70	15.00	
6 to 8 ft. specimens	4.00	35.00	

Golden form of the above.

T. occidentalis globosa.

12 to 15 in.60	5.00	40.00
15 to 18 in.85	7.50	65.00
18 to 24 in.	1.00	9.00	80.00
24 to 30 in.	1.50	12.50	

Dwarf, globular growth. Very pretty for a formal effect, or dwarf evergreen plantings.

T. occidentalis pyramidalis (Pyramidal Arborvitae).

2 to 3 ft.	1.00	9.00	85.00
3 to 4 ft.	1.50	12.50	110.00
4 to 5 ft.	2.00	17.50	
5 to 6 ft.	3.00	27.50	
6 to 8 ft.	\$4.00 to 8.00		

Erect habit and close, compact growth.

T. pyramidalis douglasii.

2½ to 3 ft.	2.00	17.50	
3 to 4 ft.	3.00	27.50	

T. occidentalis wareana (Siberian Arborvitae).

	Each	10	100
1 to 1½ ft.85	7.50	60.00
1½ to 2 ft.	1.25	10.00	90.00
2 to 3 ft.	1.75	15.00	125.00
3 to 4 ft.	3.00	25.00	200.00
4 to 5 ft.	4.00	35.00	

Although of slow growth this variety will, after fifteen or twenty years, reach a height of twenty-five feet. Very hardy and holds its deep green color through the winter.

T. orientalis elegantissima (Biota, or Oriental Arborvitae).

2 to 3 ft.	1.25	10.00	90.00
3 to 4 ft.	1.75	15.00	

Upright habit and finely cut foliage. Should be planted in a rather protected place.

TSUGA canadensis (Canadian Hemlock).

1½ to 2 ft.	1.25	10.00	85.00
2 to 3 ft., bushy	1.75	15.00	125.00
3 to 4 ft., bushy	2.75	25.00	200.00
4 to 5 ft., bushy	5.00	45.00	350.00
5 to 6 ft., bushy	7.00	60.00	
6 to 9 ft., bushy specimens	10.00	90.00	

Our plants have been given plenty of room and are well developed and bushy. The graceful habit makes the Hemlock desirable either as a specimen or for a hedge.

T. caroliniana (Carolina Hemlock).

1½ to 2 ft.	1.25	10.00	
2 to 2½ ft.	1.75	15.00	
2½ to 3 ft.	2.50	22.50	
3 to 4 ft.	3.50	32.50	

A species not common as yet in cultivation. Coarser foliage than *T. canadensis*.

EVERGREEN SHRUBS

ANDROMEDA. See **Pieris.**

Each	10	100
------	----	-----

BUXUS sempervirens (Boxwood).

Bush form, 12 to 15 in.60	5.00	
Ball form, 18 in diam.	2.50	22.50	
Pyramid form, 3 to 3½ ft.	4.00	35.00	

A block of *Kalmias* at Cherry Hill

10 CHERRY HILL NURSERIES, WEST NEWBURY, MASS.

Buxus Sempervirens.	Each	10	100
Pyramid form, 4 to 4½ ft.	6.00		
Standard form, 18 to 24 in. stem, 15 to			
18 in. head	3.50	32.50	

The above forms are for tubs while the following are for edging of paths, etc.

B. sempervirens salicifolia.

5 to 6 in.20	1.75	
-----------------	-----	------	--

A very hardy variety of Edging Box, which withstands the winter much better than the *suffruticosa*.

B. sempervirens suffruticosa (Box Edging).

Grown in America 5 to 6 in.20	1.50	12.00
8 to 10 in.30	2.25	

Much of the imported Holland stock will burn very badly, and is unsatisfactory. The stock we offer is acclimated and will do much better.

EUONYMOUS radicans (Creeping Euonymous).

3 yr., heavy35	3.00	15.00
4 yr., very heavy40	3.50	20.00

A hardy evergreen vine useful for covering low stonework.

E. radicans variegata.

3 yr., bushy20	1.50	14.00
--------------------	-----	------	-------

E. radicans vegetus (Broad-leaved).

4 yr.40	3.50	20.00
------------	-----	------	-------

Leaves often an inch wide. Red berries are produced in November, lasting nearly all winter.

KALMIA latifolia (Mountain Laurel).

8 to 12 in.70	6.00	40.00
1 to 1½ ft.90	7.50	60.00
1½ to 2 ft.	1.25	10.00	75.00
2 to 2½ ft.	2.00	17.50	160.00
2½ to 3 ft.	3.00	27.50	250.00
3 to 4 ft.	4.00	35.00	300.00
4 to 5 ft. specimens	\$5.00 to 8.00		

We have many thousand Laurels growing in our nurseries from the small plants to those which will bloom abundantly the same year they are transplanted.

LEUCOTHOE catesbaei.

1 to 1½ ft.85	7.50	60.00
1½ to 2 ft.	1.15	10.00	95.00
2 to 3 ft.	2.25	20.00	

A strong vine or half shrub with evergreen leaves and beautiful bell-shaped flowers in the spring.

PACHYSANDRA terminalis.

Clumps15	1.25	10.00
Strong clumps20	1.75	15.00

A trailing evergreen vine six to eight inches high, fine for growing in shady places.

PIERIS (Andromeda) floribunda (Lily-of-the-Valley Bush).

15 to 18 in.	1.75	15.00	125.00
1½ to 2 ft.	2.25	20.00	160.00
2 to 2½ ft.	3.50	30.00	250.00
2½ to 3 ft.	4.50	40.00	350.00

We have probably the largest stock in the country. The dark green leaves with white flower-buds give a very pretty effect during the fall and winter months, and the bell-shaped flowers are among the first in spring.

Nothing is more beautiful in spring than Kalmias (Mountain Laurel)

RHODODENDRON catawbiense. Native red.

	Each	10	100
1 to 1½ ft.	1.25	10.00	90.00
1½ to 2 ft.	1.75	15.00	125.00
2 to 2½ ft.	2.50	22.50	200.00
2½ to 3 ft.	3.00	27.50	250.00

R. catawbiense grandiflorum.

2 to 2½ ft., bushy	2.00	17.50	150.00
2½ to 3 ft., bushy	3.00	27.50	250.00
Specimens 4 ft. tall, 3 ft. spread	\$6.00 to 10.00		

This variety is very hardy and vigorous, and its dark green leaves make it valuable for a foliage plant throughout the year.

R. maximum. Native white.

1½ to 2 ft., bushy clumps	1.75	15.00	
2 to 3 ft., bushy clumps	2.50	22.50	200.00

R. hybridum. Hardy hybrids.

1½ to 2 ft.	2.00	17.50	150.00
2 to 2½ ft.	2.50	22.50	200.00
2½ to 3 ft.	3.50	32.50	
3 to 4 ft.	6.00	50.00	
Larger sizes	\$6.00 to 10.00		

Our collection is selected with reference to our severe New England winters, and we consider them among the hardiest grown.

To get the best results they should be given some such protection, through the winter, as a brush screen or a lattice made of laths. As our supply, as well as the amount in this country, is limited, we urge you to specify second or third choice wherever possible. We can furnish the following varieties:

Album elegans. Blush, changing to white.

Alexander Dancer. Light rose, with lighter center.

Atrosanguineum. Blood-red.

Boule de Neige. White.

Caractacus. Rich, dark crimson.

Catawbiense album. White.

Charles Bagley. Fine, bright cherry-red.

Charles Dickens. Scarlet.

Delicatissimum. Delicate pink.
Everestianum. Compact trusses of rosy lilac.
H. W. Sargent. Crimson.
Kettledrum. Fine, dark red.
Lady Armstrong. Pale rose, spotted.
Lady Clermont. Deep red, shaded lighter.
Memoir. One of the best hardy whites; new.
Mrs. Milner. Rich Crimson.
Old Port. Rich plum color.
Parson's grandiflorum. Fine red.
Parson's gloriosum. White shaded pink.
Roseum elegans. Bright, deep rose.

YUCCA filamentosa (Adam's Needle).

14 to 16 ft., 2 to 2½ in. cal.	3.00	27.50	250.00
15 to 20 ft., 3 to 5 in. cal.	\$6.00 to 12.00		

A. platanoides Geneva.	Each	10	100
Specimens 12 to 16 ft., 4 to 5 in. cal.			
.....	\$5.00 to 10.00		
A. platanoides schwedleri (Purple-leaved Maple).			
12 to 14 ft.	3.00	25.00	
Specimens 2 to 4 in. cal.	\$6.00 to 15.00		
A. pseudoplatanus (Sycamore Maple).			
Specimens 16 to 18 ft., 3 to 5 in. cal.			
.....	\$5.00 to 15.00		
A. rubrum (Red Maple).			
10 to 12 ft., 1½ to 2 in. cal.	2.00	17.50	
A. saccharum (Sugar Maple).			
8 to 10 ft.85	7.50	60.00
9 to 11 ft., 1 to 1¼ in. cal.	1.50	11.00	90.00
10 to 12 ft., 1¼ to 1½ in. cal.	1.75	15.00	125.00
12 to 14 ft., 1½ to 1¾ in. cal.	2.00	18.00	160.00
12 to 14 ft., 1¾ to 2 in. cal.	2.75	22.50	200.00
13 to 15 ft., 2 to 2¼ in. cal.	3.25	30.00	275.00
14 to 16 ft., 2¼ to 2½ in. cal.	3.50	32.50	300.00
16 to 18 ft., 2½ to 3 in. cal.	5.50	50.00	400.00
Specimens 16 to 20 ft., 3 to 6 in. cal.			
.....	\$6.00 to 25.00		

This Maple we believe is the best Maple for our hardy New England climate. Our stock has been a specialty for many years, thus we are able to offer many fine specimens.

JAPANESE MAPLES

ACER palmatum (Palm-leaved Maple).

Specimens 3 to 5 ft. broad \$2.50 to 4.00

A. palmatum atropurpureum (Blood-leaved Maple).

1½ to 2 ft.	1.50	10.00	
2 to 3 ft., bushy	2.50	20.00	175.00
3 to 4 ft., bushy	4.00	35.00	225.00
Specimens 4 to 6 ft.	\$5.00 to 20.00		

This is the true purple-leaved variety, which holds its color throughout the season.

A. palmatum atropurpureum dissectum.

Specimens 2½ to 3 ft. spread .. \$4.00 to 6.00

AESCULUS carnea (Red-flowered Horse-Chestnut).

5 to 6 ft.	1.50	12.50	
6 to 8 ft.	1.35	11.00	
8 to 10 ft.	1.75	16.00	
Specimens 5 to 6 in. cal.	\$8.00 to 12.00		

AE. hippocastanum fl. pl. (Double White Horse-Chestnut).

6 to 7 ft.	1.25	10.00	
-----------------	------	-------	--

ASH. See Fraxinus.

ARALIA spinosa (Hercules Club).

4 to 5 ft.75	6.00	
6 to 8 ft.	1.00	9.00	

BEECH. See Fagus.

BETULA alba (European White Birch).

8 to 10 ft.	1.25	10.00	75.00
10 to 12 ft.	1.75	15.00	
Specimens 12 to 14 ft., 2½ to 4 in. cal.			
.....	\$5.00 to 10.00		

B. alba pendula laciniata (Cut-leaved Weeping Birch).

6 to 8 ft.	1.50		
8 to 10 ft.	2.00		
10 to 12 ft.	2.75		
12 to 14 ft., bushy	4.00		
Specimens 2½ to 3 in. cal.	\$6.00 to 10.00		

CATALPA speciosa (Western Catalpa).

8 to 10 ft.	1.00	9.00	
------------------	------	------	--

A specimen *Cornus Florida Rubra* growing in our Nursery**CHIONANTHUS virginiana** (White Fringe).

	Each	10	100
3 to 4 ft.75		
4 to 5 ft.	1.00	8.00	
5 to 6 ft.	1.50	12.00	
6 to 7 ft.	1.75	15.50	

CLADRASTIS lutea (Yellow Wood).

8 to 10 ft.	2.50		
------------------	------	--	--

CORNUS florida (Flowering Dogwood).

3 to 4 ft.85	7.50	60.00
4 to 5 ft.	1.35	12.00	100.00
5 to 6 ft., balled and burlaped	3.00	27.50	225.00
6 to 8 ft., balled and burlaped	5.00	45.00	
8 to 14 ft., specimens	\$8.00 to 25.00		

Our Dogwoods, both white and pink, are well rooted and have been planted far enough apart so that they are bushy and symmetrical.

C. florida rubra (Red-flowering Dogwood).

3 to 4 ft., balled and burlaped	3.00	25.00	225.00
4 to 5 ft., balled and burlaped	5.00	40.00	350.00
5 to 6 ft., balled and burlaped	7.50	60.00	500.00
6 to 9 ft. specimens	\$10.00 to 25.00		

CRATAEGUS oxycantha alba plena (Double White Thorn).

5 to 6 ft.	1.50	12.50	
-----------------	------	-------	--

C. oxycantha fl. pl. pauli (Paul's Double Scarlet Thorn).

5 to 6 ft.	1.25	10.00	
-----------------	------	-------	--

ELM. See *Ulmus*.**FAGUS americana** (American Beech).

2 to 3 ft.90	8.00	65.00
3 to 4 ft.	1.25	10.00	90.00
4 to 5 ft., with ball	1.75	15.00	120.00
5 to 6 ft., with ball	2.50	22.50	180.00
6 to 8 ft., with ball	3.50	32.50	250.00
Specimens 8 to 15 ft., with ball	\$6.00 to 35.00		

F. sylvatica (European Beech).

3 to 4 ft.85	7.00	60.00
4 to 5 ft.	1.25	10.00	90.00
5 to 6 ft.	1.50	12.50	100.00
6 to 8 ft.	2.00	17.50	

The European Beech is of more rapid growth than the American type.

F. sylvatica pendula (Weeping Beech).	Each	10	100
8 to 10 ft.	3.50		
10 to 12 ft.	5.00		
F. sylvatica purpurea.			
5 to 6 ft.	1.25	10.00	
6 to 7 ft.	1.75	15.00	
7 to 8 ft.	2.00	17.50	
8 to 10 ft.	3.00	27.50	
F. sylvatica riversi (River's Purple Beech).			
6 to 7 ft.	3.00		
7 to 8 ft.	4.00		
8 to 10 ft.	5.00	45.00	
Specimen trees with ball 16 to 25 ft.			
.....	\$30.00 to 80.00		
These specimens are exceptionally fine. They have been recently transplanted and will lift with a ball of earth, insuring their thriving well when transplanted. We consider the River's Beech to be the finest purple-leaved tree there is.			
FRAXINUS americana (White Ash).			
10 to 12 ft.	1.25	10.00	
12 to 14 ft.	1.75	15.00	
Specimens 15 to 25 ft.	\$3.00 to 10.00		
GINKGO bilboa (Maiden-hair Tree).			
8 to 10 ft.	2.00	17.50	
GYMNOCLADUS dioica (Kentucky Coffee Tree).			
8 to 10 ft.	3.00		
KOELREUTERIA paniculata (Japanese Lacquer Tree).			
6 to 7 ft.	1.25	10.00	
7 to 8 ft.	1.75	15.00	
LARIX leptolepis (Japanese Larch).			
6 to 8 ft., with ball	3.00		
LIRIODENDRON tulipifera (Tulip Tree).			
5 to 6 ft.85	7.50	
6 to 8 ft.	1.25	10.50	
8 to 10 ft.	1.70	15.00	
MAGNOLIA Chinese Hybrids.			
3 to 4 ft., with ball	2.50	22.50	
4 to 5 ft., with ball	3.50	32.50	
5 to 6 ft., with ball	4.50		
Alba superba, white flowers; Alexandriana, pink; Lennei, red; Soulangeana, pink; Stellata, early white.			
M. acuminata cordata.			
3 to 4 ft.	1.75	15.00	
M. tripetala.			
4 to 5 ft.	2.00	17.50	
5 to 6 ft.	2.50	22.50	
6 to 8 ft.	3.00	27.50	
MALUS floribunda scheideckeri. Deep pink.			
6 to 8 ft.	2.00	17.50	
M. ioensis bechteli (Bechtel's Double-flowering Crab).			
5 to 6 ft.	2.25	20.00	
6 to 8 ft.	3.00	27.50	
M. parkmani (Parkman's Crab).			
6 to 8 ft.	2.50	20.00	
M. spectabilis.			
6 to 7 ft.	1.75	15.00	
M. spectabilis riversi. Deep red.			
10 to 12 ft.	3.00	27.50	
MAPLE. See Acer.			
MORUS alba pendula (Teas' Weeping Mulberry).			
7 to 8 ft.	3.00		

16 CHERRY HILL NURSERIES, WEST NEWBURY, MASS.

POPULUS canescens (White Poplar).	Each	10	100
12 to 14 ft.	1.75	16.00	
P. nigra italica (Lombardy Poplar).			
6 to 8 ft.50	4.50	40.00
8 to 10 ft.70	6.00	55.00

POTTED ROSES.

Dormant roses do not give the most satisfactory results the first year unless planted early in the spring. We have, therefore, potted a number for delivery in May and June. These will give immediate results, as they will be in leaf at that time. As the quantity will be limited, we will be glad to accept orders now for later delivery.

In the above listed varieties: \$.60 each; \$.50 per ten; \$.50. per 100, in extra strong No. 1 grade. Standard grade, 50c each; \$.45 per ten; \$.40. per 100.

A restful scene at Cherry Hill

HERBACEOUS PLANTS

The intrinsic value of our Perennials is too well known to need a lengthy description.

Our aim always has been to give our customers "JUST A LITTLE BETTER THAN PROMISED" and in that way merit the confidence they have placed in us year after year.

We are taking great pains to secure the best stock obtainable, and shall offer to our customers only such varieties as we have proved in our own grounds.

The following brief descriptions will serve as an index to what we carry in our general stock. It frequently happens, however, that we have many varieties not listed, and are always glad to correspond in regard to anything not found in this catalog.

ACHILLEA PTARMICA FL. PL., VAR. "THE PEARL." (Yarrow). Small double flowers of pure white throughout the summer. 2 feet.

ACONITUM AUTUMNALE. (Monkshood). Tall spikes of violet blue helmet shaped flowers. Fairly late, 4 feet.

A. NAPELLUS BI-COLOR. Beautiful blue and white blossoms. Aug. to Sept. 4 feet.

Prices for Perennials, unless otherwise noted, are 15 cents each; \$1.50 per dozen; \$10.00 per hundred. Fifty at the hundred rate and six at the rate per dozen. Extra large clumps according to size.

- AGROSTEMNA CORONARIA.** (Mullein Pink). Plants have wooly stems with leaves of a leathery appearance; flowers beautiful rosy crimson. June and July. 2 to 3 feet.
- ALTHAEA ROSEA.** (Hollyhock). Single and double varieties, ranging from light pink to dark maroon. 6 to 8 feet.
- ALLEGHANY HOLLYHOCKS.** Single flowers, with wide fringed petals of silky texture. From light pink to red. Mixed colors, 6 to 8 feet. 20 cents each; \$2.00 per dozen.
- ALYSSUM SAXATILE, VAR. COMPACTUM** (Gold Tuft). Numerous clusters of small yellow flowers. Plant very dwarf—8 to 12 inches. Useful for rockwork. May.
- ANCHUSA ITALICA DROPMORE VARIETY.** Bright gentian blue flowers. 3 to 5 feet. May and June.
- ANEMONE JAPONICA.** A beautiful, fall-flowering plant, 2 to 3 feet high. Flowers rosy red or carmine, with yellow stamens.
- VAR. ALBA.** A white form of the above, with yellow stamens. Plants 2 to 3 feet. September to November.
- VAR. PRINCE HENRY.** A distinct, double deep pink variety. 2 to 3 feet.
- VAR. QUEEN CHARLOTTE.** Deep apple blossom pink. 2 to 3 feet.
- VAR. WHIRLWIND.** Semi-double flowers of pure white. 3 to 4 feet.
- AQUILEGIA CANADENSIS.** (Columbine). Bright scarlet and yellow. 12 to 18 inches. May and June.
- A. LONG-SPURRED HYBRIDS.** A new, large-flowering strain, producing flowers of exquisite shades.
- A. NIVEA GRANDIFLORA.** Pure white flowers. Very fine.
- A. CHRYSANTHA.** Yellow with tinted claret tip.
- ARABIS ALPINA.** (Rock Cress). A dwarf, rock plant. Pure white. May.
- ASTER NOVAE-ANGLIAE.** (New England Aster). Soft blue flowers on stems from 3 to 6 feet tall. September and October.
- VAR. ROSEA.** A charming variety of the above, with soft rose-colored flowers.
- A. NOVI-BELGI.** Flowers pale blue, not quite as tall as the *novae-angliae*.
- ASTIBLE JAPONICA, (Spirea). VAR. GLADSTONE.** Flowers fine white, in large heads. June and July. Height 2 feet.
- VAR. QUEEN ALEXANDRA.** A new hybrid, soft pink. Very handsome. 25 cents each; \$2.50 per dozen.
- BOCCONIA CORDATA.** (Plume Poppy). Buff flowers 5 to 8 feet. July and August.
- BOLTONIA ASTEROIDES.** (False Chamomile). 6 to 8 feet. Heads of Aster-like white flowers. Sept. and Oct.
- B. LATISQUAMA.** 4 to 6 feet. Large, pink to lavender shade.
- CAMPANULA CARPATICA.** (Carpathian Harebell). A very beautiful dwarf plant. 12 inches tall. Flowers large, deep blue. June to September.
- C. MEDIA.** (Canterbury Bells). A biennial, 2 to 4 feet. Bell-shaped flowers in dark blue, light blue, white, rose.
- PERSICIFOLIA GRANDIFLORA.** Large, deep blue flowers, salver shaped. 2 feet.
- PERSICIFOLIA ALBA.** A pure white form of above.

Prices for Perennials, unless otherwise noted, are 15 cents each; \$1.50 per dozen; \$10.00 per hundred. Fifty at the hundred rate and six at the rate per dozen. Extra large clumps according to size.

- VAR. CALYCANTHEMA.** (Cup and Saucer). Solid colors of blue, rose and white. 2 to 3 feet.
- CHRYSANTHEMUM LEUCANTHEMUM HYBRIDUM** (Shasta Daisy). August and September. Pure white blossoms 3 to 4 inches across. 15 to 18 inches.
- HARDY POMPON CHRYSANTHEMUMS.** October and November. Strong plants in yellow, white, bronze and pink. 2 to 3 feet.
- CONVALLARIA MAJALIS.** (Lily of the Valley). 6 to 10 inches. Waxy-white flowers. May. Clumps 25 cents each; \$2.50 per dozen; \$20.00 per 100.
- COREOPSIS LANCEOLATA.** Bright golden-yellow flowers of single form. June to September. 2 feet.
- DELPHINIUM BELLADONNA.** (Larkspur). Beautiful turquoise blue. Free bloomer throughout the season. Dwarf habit. 25 cents each; \$2.50 per dozen.
- D. CHINENSIS.** 12 to 15 inches tall. Delicate light blue.
- VAR. ALBA.** A white form of the above.
- D. ELATUM.** 3 to 6 feet. Dark blue flowers. One of the best.
- VAR. HYBRIDUM.** (Thurlow's Hybrids). 3 to 6 feet. Delicate azure to deep blue.
- GOLD MEDAL HYBRIDS.** Superb strain, all shades of blue.
- D. FORMOSUM.** 2 to 4 feet. Deep blue, with white eye.
- VAR. COELESTINUM.** Turquoise blue, with darker center. 3 feet.
- DIANTHUS BARBATUS** (Sweet William). 12 inches. Large, flat heads of flowers. Scarlet, white, maroon, Pink Beauty; also mixed colors. Entire season.
- D. PLUMARIUS.** (Hardy Garden Pink). Silvery foliage. Very fragrant flowers; 12 to 18 inches. Mixed colors, single and double. May to July.
- DICENTRA SPECTABILIS.** (Bleeding Heart). Peculiar heart-shaped blossoms, borne in long racemes. 20 cents each; \$2.00 per dozen. May to June. 2 feet.
- DICTAMNUS FRAXINELLA.** (Burning Bush). 2 to 2½ feet. Racemes of peculiar red flowers having the scent of the balsam. 25 cents each; \$2.50 per dozen. June.

Prices for Perennials, unless otherwise noted, are 15 cents each; \$1.50 per dozen; \$10.00 per hundred. Fifty at the hundred rate and six at the rate per dozen. Extra large clumps according to size.

One of our blocks of Peonies

DIGITALIS GLOXINIAEFLORE. (Foxglove). A beautiful strain of showy flowers in many colors. 3 to 4 feet. June to August.

FUNKIA COERULEA. (Blue Day Lily). 12 to 18 inches. Blue flowers. July and August.

F. SUBCORDATA GRANDIFLORA. (White Day Lily). Foliage pale green, white flowers, 20 cents each; \$2.00 per dozen.

GAILLARDIA GRANDIFLORA. (Blanket Flower). Showy single flowers of crimson and gold. Entire season. 18 to 24 inches.

GLADIOLI

Strong flowering bulbs. No. 1 size.

AUGUSTA. Lovely pure white, with blue anthers. A splendid sort. 50 cents per doz.; \$3.00 per 100.

AMERICA. One of the best known. Flowers very large and of an exquisite shade of soft flesh pink. 50 cents per doz.; \$3.00 per 100.

BARON HULOT. The finest blue gladiolus yet seen. Rich deep color of an indigo shade. 60 cents per doz.; \$4.00 per 100.

BRENCHLEYENSIS. Brilliant vermilion-scarlet. Excellent for planting among shrubbery. 50 cents per doz.; \$3.00 per 100.

Our Special Catalog on Peonies, Iris and Phlox will gladly be mailed on request.

THE COMMONWEALTH OF MASSACHUSETTS. STATE BOARD OF AGRICULTURE.

Official Certificate No. 141.

Boston, Dec. 13, 1917.

TO WHOM IT MAY CONCERN:

THIS IS TO CERTIFY that I have this twelfth day of December completed the inspection of the nursery stock of T. C. Thurlow's Sons, Inc., (Cherry Hill Nurseries), grown at West Newbury, State of Massachusetts, and find it to be apparently free from all injurious insects and diseases which might be transferred on nursery stock from the nursery to the orchard or garden.

This certificate is good until July 1, 1918.

Inspected by M. H. Bacheller.

(Signed) H. T. FERNALD, R. H. A. Inspector.

We have large Fruit trees like this that will give fruit the first year planted
